## Notes

Issue	Stakeholder	Notes
<a href="#">SITE-174: Limit field lengths used for highlighting</a> <span>DONE</span>	@Sanket Shahane (Deactivated) @Michael Estrem (Deactivated) @Yauheni Buracheuski (Deactivated)	EPIC created from last week's action item regarding highlighting limits. Product will prioritize this work by CoB 11/19/21 for engineering to understand which SB-Sprint the work will start
"Code Freezes" prior to demos	@Ian Pointer @Yauheni Buracheuski (Deactivated)	As of 11/17 Springboard is part of production. Feature flags are being added to code currently.

## Action items

- ☐ OAuth Scope updates: Still needs sizing and refinement
- ☐ Product to prioritize epics for next sprint/s by CoB 11/19 for eng
- ☐

## Decisions

@Yauheni Buracheuski (Deactivated) : exclude link - missing CE work ( @Elizabeth Edmiston to review and prioritize [CE-1331](#))

Demo to work around the UI feature that isn't hooked up to the connector yet ( @Yauheni Buracheuski (Deactivated) to add amplifying info here)
