Does this meet intent of sales ready for product? @Lesley Heizman to look into from product. Intent of data crawl for demo @Lesley Heizman @Lori O'Brien (Deactivated) ?• @Lesley Heizman good with proposed functionality for Nov• @Michael Estrem (Deactivated) @Andrew Das (Deactivated) to work on splitting FDN-32: [Milestone] Application: SaaS Web Connector for "sales ready" DONE
FDN-110: [Milestone] Connected Search - Sales Ready - Product Expectations DONE	@Michael Estrem (Deactivated)	josh - there's a whole bunch of new work here potential for CE team. My team has not had time to finish reviewing these reqs
SEARCH-674: Update Application(Solution) names DECLINED	@Simran Bagga (Deactivated) @Josh Ellinger	<p>CP team - App launcher page should have UI changes complete soon (under review ATT)</p> <p>Do we still have "sitesearch" in URL (Search Platform team)? Experience Optimizer naming convention (Cloud Platform team)?</p> <p>Currently there is 1 app type in Springboard: SiteSearch</p> <p>New name for CS: Connected Service</p> <p>Priority: 2x UI's - App Launcher to use "Connected" nomenclature. @Dmitriy Lyner to check on naming conventions in Experience Optimizer.</p> <p>URL to be renamed to "Connected"</p> <p>Public facing APIs to be reviewed for naming conventions moving forward.</p>

@Josh Ellinger already working towards “Connected Search” as a naming convention, not “Site”

API Requirements Doc: Source of truth for API naming also
